Student Performance Evaluation
Horizons WBA - Handoffs (Formative)

[Return to Evaluation](#)

Student Level: Student level

Course Information

Date	Course	Location	Weeks
01/01/2006 - 01/31/2006	XXX-YYY: Department Course	Location	8

Evaluation Period: 01/01/2006 - 01/31/2006

Faculty: Evaluator name

Student: Student name Email: oasis@umassmed.edu, JREFA@umassmed.edu

Question numbers in red* are required.

This is a UMass Chan milestone-based evaluation form. Please take a moment to identify the competency that each milestone is related to, as well as the full milestone description provided with each prompt. For your reference here is the catalogue of UMass Chan's competencies and milestones.

The green highlighted area is where we expect a learner at this level to be. The more specific behavioral descriptors apply to the number scale gradations for this particular activity to assist in your selection of the most appropriate level for this learner. Choose N/A if you did not observe the student for this milestone.

Critical Deficiencies	Early Learner	Demonstrating Improvement				Graduation Target (as befitted a physician)	
	Discovery Phase expected performance up to target 2.5	Exploration Phase expected performance up to target 3.5		Horizons Phase expected performance up to target 4.0			
0.5	1	1.5	2	2.5	3	3.5	4

Please review this [ONE-PAGE GUIDE](#) for completion of this workplace based assessment (WBA).

This form provides **formative feedback only** (does not count towards grading student).

PLEASE NOTE: This WBA provides **FORMATIVE** feedback to learners (does not count towards grading).

PHYSICIAN AS COMMUNICATOR:

1.* **Verbal Communication:** Please select the result that best describes your observation of the learner (Com4H):

Exploration Phase expected performance up to target 3.5	Horizons Phase expected performance up to target 4.0	Graduation Target (as befitted a physician)	
Communicates with all colleagues and team members through appropriate verbal communication including using well-organized oral case presentations and while speaking with consultants and ancillary team members.	Communicates effectively with all members of the healthcare team utilizing verbal communication including using the appropriate oral presentation format, speaking with multidisciplinary caregivers, and when negotiating conflict.		
2.5	3	3.5	4

☐ Not Applicable

☐ 2.5: Student is not yet meeting mid clerkship level performance

☐ 3.0: Handoff presentations are **complete**, well organized, clear, and accurate. Handoff presentations may be **verbose**.

☐ 3.5: Handoff presentations are complete, **concise**, and accurate even with complex cases.

☐ 4.0: Ready for Residency: Handoff presentations are complete, concise even with complex cases and/or while **communicating potential conflict. Customizes handoff presentation for individual patients.**
